

PLIWA San

Wash lotion for cleaning of hands and skin

- Soap-free wash lotion
- Free from colourants
- Dermatologically tested

Product description

Wash lotion for cleaning of hands and skin.

Areas of application

Suitable for cleaning of hands and body before disinfection.
Also applicable in the food industry.

Advices

Only for external application.

Avoid contact with eyes and mucous membranes.

In case of eye contact: Rinse with plenty of water. Remove contact lenses if present and easy to do. Contact doctor or poison center in case of persistent eye irritation. Safety datasheet available at www.pliwa.de.

Expiry

Use within 6 months after opening.
See product label for expiry date. Do not use the product after the expiry date.

Storage advice

Store between 5°C and 25°C. Keep out of the reach of children. Protect from direct sunlight. Keep container in an upright position. Keep away from food, drink and animal feedingstuffs. Keep only in original container.

Recommendations for use

Moisten hands with water.

Pour approx. 2-3 ml of washing lotion into the palm of your hand, lather up with water, wash the respective body part, rinse and dry.

Follow the recommendations of the Robert Koch-Institute concerning hand hygiene.

Labelling according to regulation 648/2004/EC on detergents

≥5% - <15% anionic surfactants
<5% non-ionic surfactants
preservation agents (PHENOXYETHANOL, SORBIC ACID, METHYLISOTHIAZOLINONE, BENZISOTHIAZOLINONE)
